DX News

Arctic DX IOTA Expedition -update July 8

Ice report for today: only Novaya Zemlya is open — the passage to the Yenisei River is not yet clear, and our islands are still covered by ice. So our waiting is not critical for now. We are calling every 2 hours to find out when the approval (to depart) will be signed.

3Y0L Peter 1 Island Dxpediton 2027 -update

The Peter I Island DXpediton is looking for more operators.

We have just completed our successful expedition to Bouvet and are using that experience to continue with Peter I Island, a Norwegian dependency in the Bellinghausen Sea. Our shipping container for the expedition is enroute from Cape Town to Texas with all the necessary equipment. At the same time, we are finalizing the details of this expedition.

The Peter I Island Expedition team is looking for more people who can collaborate as operators during the expedition, as we need to complete the team within a reasonable timeframe. Given that this entity currently ranks seventh on the most wanted DXCC list of most sought-after destinations, this expedition promises to be as challenging and complex as Bouvet, 3Y0K..

If you have experience in cold climates, work well in multi-operator teams, understand complex logistics, and are willing to contribute the necessary effort for the success of this expedition, we would like to speak with you. Please contact us at admin@3y0l.com

Guess the QSL

60, SOMALIA The DX-adventure Team will be QRV as 6O6X during February 2027. Team leader

Max ON5UR mentions: *'On 14 February 2026, our local contact was invited to the Ministry of Information and Communication Technology in Hargeisa, where Minister Jamaal Mohamed Jama personally handed over the official licence. During the DXpedition, we will be active under the callsign 606X ("six oscar six x-ray").*

Although the Belgian government still advises against travel to Somalia, several reliable sources confirm that Somaliland, located in the northwest, is the safest region of the country. The safety of the team is the top priority, which is why we have deliberately chosen to organise our activities in this area. On average, the country receives barely 500 visitors per year.'

A Belgian-Dutch-American team with Paul N6PSE, Marc ON4AMX, Patrick ON4HIL, Max ON5UR, Karel ON5TN, Marc ON6CC, Wim ON6DX, Franky ON7RU, Geert ON7USB, Francis ON8AZ, Casper PA7DX and Ronald PA3EWP will be QRV on HF and perhaps QO-100 and EME. Website under construction.

Antarctic destinations

HF0PAS South Shetland Islands

Rafal, SQ40 informs that all going well, he will try to be active as HF0PAS from the Henryk Arctowski Polish Antarctic Station, King George Island, South Shetland Islands after May. He will remain there until October 2026. News updates will be posted on the HF0PAS QRZ page.

The 2027 French Polar Team Expedition by Mehdi, F5PFP

I hope to be QRV from Admiralty Bay, King George Island, South Shetland Islands in early 2027, where the following base entities are situated:

Base Machu Picchu (Peru)

Base Comandante Ferraz (Brazil) & the ruins of the Base G-Admiralty Bay (United Kingdom) on the same site.

The ruins of the Base Giacomo Bove (Italy)

Refuge Brazil (Brazil)

Base Pieter J Lenie Field-Copacabana (USA)

Refuge Republica del Ecuador (Ecuador)

Base Arctowski (Poland)

Admiralty Bay is a large, open and windy area with bad soils for anchorage, so not a good place for sail boat stopovers. That means, I won't be able to be QRV from all these entities, but from 1 at least I hope, maybe 2 or 3 in case of very good weather window.

As a French expedition, we must submit soon the exact sites to get landing permissions from TAAF administration (Terres Australes et Antarctiques Françaises) which is the French representative of the Antarctic Treaty.

Feel free to report your TOP 3 most wanted base entities on the list above, and I will do my best without any guarantee of success.

Lighthouses

F, FRANCE From August 13 to 17, 2026, DF1DJ, DJ5KX, DJ8EI, DK5OPA, DL1DCT, DL5KA, and DL8KR will be on the air from the lighthouse in Berck-sur-Mer (France) under the call sign TM0BSM. Further information can be found at www.qrz.com.
